

Serial No.: 10/517,305
Atty. Docket No.: P70298US0

REMARKS

In response to the Office Action mailed May 22, 2008, Applicant has amended claims 13 and 19. Claims 13-24 are pending in the application. Claims 13 and 19 are independent.

The Examiner rejected claims 13-24 under 35 U.S.C. 112, second paragraph, as being indefinite. Specifically, each of claims 13 and 19 contain the phrase, "each bistatic pair of a transmitter and a receiver placed at different points" which the Examiner found indefinite as it seems to state that each bistatic pair is at a plurality of "different points". The Examiner also stated that claims 13 and 19, as well as claims 14-18 and 20-24 dependent thereon, would be allowable if rewritten or amended to overcome the rejection under 35 U.S.C. 112, second paragraph.

As has been discussed in previous Amendments filed in this application, a "bistatic pair" constitutes a receiver and a transmitter that are placed at different points. What is meant by "different points" is that the receiver and the transmitter making up a measuring facility or bistatic pair are located at different sites *relative to each other*. The foregoing amendments are presented in an effort to clarify this relationship. Favorable consideration and withdrawal of the rejection is requested.

Serial No.: 10/517,305
Atty. Docket No.: P70298US0

With the foregoing amendments and remarks, it is respectfully submitted that the present application is in condition for allowance in accordance with the Examiner's indication of allowable subject matter and the claims as amended herein. Should the Examiner have any questions or comments, the Examiner is cordially invited to telephone the undersigned attorney so that the present application can receive an early Notice of Allowance.

Respectfully submitted,

JACOBSON HOLMAN PLLC
